Launch Bay

The capitol ship's star-fighters are housed, maintained, and launched from the **Launch Bay**. This bay normally houses a squadron of 12 star-fighters.

The **Land/Launch Strip** is where star-fighter's both launch and land. The direction of the chevrons are changed by **Flight Control** depending on if they are launching or landing craft.

When not in use star-fighters stay in one of the **Ship Bays** where maintenance and light repair takes place.

When more heavy maintenance is required the **Heavy Maintenance Bays** are used.

Star-fighter pilots are briefed on upcoming missions in the **Briefing Room**.
