

Modern Hospital

A top-down architectural rendering of a modern hospital floor plan. The layout features a central horizontal corridor. Above the corridor are several examination rooms, each containing a patient bed, a desk, and a chair. Below the corridor is a waiting area with several blue patient beds arranged in rows. At the bottom of the image, there are more examination rooms, similar to the ones above. The floor is a light gray, and the walls are a light blue. The overall design is clean and functional.
