

ANIMATED OBJECTS

ANIMATED OBJECTS IS A MONSTER SUPPLEMENT FOR 5E THAT PRESENTS ENCHANTED HOUSEHOLD ITEMS AS A COHESIVE encounter ecosystem rather than isolated curiosities. Instead of treating animated armor and rugs as one-off gimmicks, this book expands the concept into a fully realized enchanted estate—where furniture, décor, instruments, and architectural features serve defined tactical roles within a single location.

The intent of this product is mechanical clarity and encounter variety within a contained mansion environment. Each animated object is built to support different kinds of scenes: entryway harassment, dining hall ambushes, library control zones, conservatory entanglement, cellar devastation, and ballroom finales. These constructs are designed to function independently, allowing GMs to mix and match threats without requiring a single overarching intelligence or narrative explanation. Cultural lore and origin are deliberately minimal—whether the house is cursed, arcane, whimsical, or malicious is left to the GM. Use these stat blocks as tools. How and why the estate came to life is yours to decide.

False Object. While motionless, this construct is indistinguishable from a normal object.

Swarm. This construct can occupy another creature's space and vice versa, and this construct can move through any opening large enough for a Tiny object. This construct can't regain hit points or gain temporary hit points.

Utensil Storm. When this construct hits a creature that is holding an object, the target must succeed on a DC 12 Strength saving throw or drop one held item of this construct's choice.

Distracting Flurry. A creature damaged by this construct has disadvantage on the next attack roll it makes before the end of its next turn as blades nick at fingers and eyes.

ACTIONS:

Whirling Blades. *Melee Weapon Attack:* +5 to hit, reach 0 ft., one creature in this construct's space. *Hit:* 8 (2d4 + 3) piercing damage, or 4 (1d4 + 4) piercing damage if this construct has half of its hit points or fewer.

- The swarm remains motionless as scattered cutlery until a creature comes within its blindsight range.
- Once animated, it moves directly into the nearest creature's space and continues attacking that creature until destroyed or forced away.
- It does not switch targets unless its current target is unreachable.
- It uses no tactics beyond occupying space and repeatedly applying Utensil Storm and Distracting Flurry.

WHISPERING DRAPES

Challenge 1 (200 XP)

Proficiency Bonus +2

False Object. While motionless, this construct is indistinguishable from a normal object.

Murmuring Secrets. A creature that starts its turn within 10 ft. of this construct and can hear it must succeed on a DC 12 Wisdom saving throw or have disadvantage on the next ability check or attack roll it makes before the end of its turn.

Smothering Fold. This construct has advantage on attack rolls against creatures that are grappled.

ACTIONS:

Envelop. *Melee Weapon Attack:* +4 to hit, reach 5 ft., one creature. *Hit:* 6 (1d8 + 2) bludgeoning damage, and the target is grappled (escape DC 12). Until this grapple ends, the target is restrained, and this construct can't Envelop another target.

BONUS ACTIONS:

Billowing Obscurity (Recharge 5–6). This construct thrashes violently. The area within 10 ft. of it becomes heavily obscured until the start of its next turn.

- The drapes remain motionless and indistinguishable from normal curtains until a creature comes within their blindsight range.
- Once animated, they Envelop the nearest creature within reach and continue attempting to maintain that grapple.
- They use Billowing Obscurity as soon as it recharges if a creature is within 10 feet.
- They do not reposition strategically; they cling, smother, and murmur until destroyed.

MIRROR OF HOSTILE REFLECTION

Large construct, unaligned

Armor Class 17 (polished arcane glass)

Hit Points 120 (16d10 + 32)

Speed 0 ft.

Challenge 5 (1,800 XP)

Proficiency Bonus +3

False Object. While motionless, this construct is indistinguishable from a normal object.

Reflective Surface. A creature that targets this construct with a spell attack must first succeed on a DC 15 spellcasting ability check or the spell instead targets the caster (resolve normally).

Shatter Burst. When this construct is reduced to 0 it points, it explodes in razor shards. Each creature within 20 ft. must make a DC 15 Dexterity saving throw, taking 21 (6d6) slashing damage on a failed save, or half as much damage on a successful one.

ACTIONS:

Glass Shard Volley. *Ranged Weapon Attack:* +7 to hit, range 30 ft., one target. *Hit:* 15 (2d10 + 4) slashing damage.

Hostile Reflection (Recharge 5–6). One creature the mirror can “see” within 30 ft. must succeed on a DC 15 Charisma saving throw or its reflection steps out as a duplicate in an unoccupied space within 5 ft. of it. The duplicate has the target’s AC, speed, and basic attack action, but half the target’s hit points and deals half damage (minimum 1). The duplicate acts immediately after the target in initiative and obeys the mirror’s will. The duplicate lasts for 1 minute or until reduced to 0 hit points.

- The mirror remains motionless and indistinguishable from a normal fixture until a creature enters its blindsight range.
- Once animated, it targets the nearest visible creature with Hostile Reflection as soon as it recharges.
- It uses Glass Shard Volley against the closest creature each round.
- It does not reposition (Speed 0 ft.) or choose targets intelligently; it attacks whatever is directly before it.
- It remains inert until a creature approaches and continues attacking until destroyed.
