Hidden Temple Base

Hidden deep in the jungle of an alien moon, in an ancient temple, lies a rebel base including a starship hangar. Or perhaps after crash landing their spaceship on an uncharted planet, the survivors take refuge in an ancient temple left behind by an unknown race.

Perfect for GMs looking for:

- A base for rebels fighting a galactic empire
- A place for explorers to discover a nest of aliens
- The high-tech base of a Mayan cyber shaman
- A home for interstellar smugglers or space pirates
- A base camp for wealthy thrill-seekers hunting alien predators in their natural environment
- The headquarters of an intergalactic corporation mining rare minerals from an (almost) uninhabited planet
- A military supply depot strategically placed to aid in an interplanetary war
