Scale: 1 unit = 1 m (or 3 ft.)

Grid Size: 1 units

Drawbridge Up Overlays

VTT Settings: (each unit is 70 pixels)

Page Size: 8 units wide by 8 units high

Scale: 1 unit = 1 m (or 3 ft.)

Grid Size: 1 units

Forest Ground

A small market on the road. A barbican with a stable, a soldier's pub, and a guard house. A drawbridge. Three defence towers with barracks. Simple guest rooms. A storage room.

In the central building is the royal reception hall, royal dining hall, and kitchen.

Arctic Ground

Same layout with a frozen moat and snow on the ground. Same for all arctic map versions.

First

Above the guest rooms are the rooms for the royal staff. In the towers are long winding staircases to the tops of the towers. Two murder holes in the span over the drawbridge.

In the central building is the royal conference room, prince's and princess' room, plus the monarch's bedroom. In the tower sleeps the king's guard.

Second

The towers stairs continue upward.

The tower in the central building holds the lonely room of king's mage.

Top

The top of the towers are open to the sky.

For each location, maps are provided for:

- With grid and without grid
- Forest and arctic versions
