

THE OUTFITTER'S ALMANAC

FOR WILD WEST RPGs

Weapons

Ranged Weapons

Name	Cost	Weight	Description
Revolver	\$25	2 lb	A reliable six-shooter sidearm with decent power and quick access.
Derringer	\$10	1 lb	A tiny, concealable pistol used at close quarters.
Lever-Action Rifle	\$50	7 lb	Fast-firing rifle used by ranchers and lawmen alike.
Single Shot Rifle	\$20	6 lb	Accurate and powerful but must be reloaded after each shot.
Shotgun	\$35	7 lb	Devastating at medium range with spread shot.
Sawed-off Shotgun	\$40	5 lb	Compact version of a shotgun, ideal for close-quarters combat.
Bow	\$15	3 lb	Traditional hunting or combat bow. Requires activation to fire.
Slingshot	\$0	1 lb	Makeshift weapon used by kids or desperate fighters.

Melee Weapons

Name	Cost	Weight	Description
Knife	\$1	1 lb	A sturdy steel blade used for utility, hunting, or fighting. Can be thrown. Carried in a sheath on belt or boot.

Hatchet	\$2	3 lb	A small one-handed axe, useful both as a weapon and for chopping wood. Often carried by trappers and scouts.
Cavalry Sword	\$10	4 lb	Standard-issue curved saber used by mounted soldiers. Designed for slashing from horseback. Often a war relic.
Club	—	3 lb	Any blunt object such as a branch, chair leg, or fence post. Often improvised in saloons or street fights.

Ammunition

Name	Cost	Weight	Description
Revolver Cartridges (box of 50)	\$2	2 lb	.44 or .45 caliber metallic cartridges used in most six-shooters. Carried in gun belts, pouches, or ammo boxes.
Rifle Cartridges (box of 50)	\$3	3 lb	Long .44–.45 caliber cartridges used in lever-action and single-shot rifles. Bulkier than pistol rounds.
Shotgun Shells (box of 25)	\$2	3 lb	Paper-hulled 12-gauge shells filled with shot or slugs. Stored in bandoliers or pouches.
Arrows (bundle of 20)	\$1.50	3 lb	Wooden shafts with iron or flint heads. Fletched with feathers. Carried in a quiver.
Arrow (individual)	\$0.10	0 lb	One handmade or recovered arrow. Useful when scavenging or crafting.

Gear & Equipment

Containers

Name	Cost	Weight	Description
Gun Belt	\$5	2 lb	Leather waist belt with holster and 30 ammunition loops.
Bandolier	\$3	2 lb	Shoulder-worn strap lined with 40 ammo loops, sometimes includes small pouches.
Saddlebags (pair)	\$10	5 lb	Heavy leather bags attached to a saddle. Used to carry gear while traveling on horseback.
Rucksack	\$7	4 lb	Durable canvas or leather backpack carried by travelers, scouts, or soldiers.
Rifle Scabbard	\$4	2 lb	Leather sheath worn on a horse or back to carry a rifle or shotgun securely.
Quiver	\$2	1 lb	Cylindrical leather case worn at the back or hip, used for carrying arrows.
Pouch (small)	\$0.50	1 lb	Belt-worn pouch for coins, tobacco, or other small valuables.
Messenger Bag	\$4	3 lb	Crossbody leather satchel commonly used by riders, clerks, and newspaper men.

Trapper's Pack	\$12	6 lb	Rugged and weatherproof pack favored by fur trappers and frontiersmen. Larger than a standard rucksack.
Medical Bag	\$8	3 lb	Leather doctor's bag with compartments for vials, tools, and bandages.
Tool Roll	\$1.50	1 lb	Leather roll with sleeves to hold and organize small tools or knives.
Powder Horn	\$1	1 lb	Curved animal horn with stopper, used for carrying black powder for muzzleloaders.
Ammo Box (wood)	\$2	4 lb	Small wooden crate used to store and transport cartridges or shells.

Camp Gear

Name	Cost	Weight	Description
Bedroll	\$2	5 lb	Rolled blanket or wool bedding tied with leather straps. Used for sleeping on the ground.
Canvas Tarp	\$3	5 lb	Heavy waterproof cloth used for shelter, wrapping gear, or sleeping under.
Tent (one-person)	\$8	10 lb	Compact canvas tent with rope and stakes. Provides cover from rain and wind.
Wool Blanket	\$1.50	4 lb	Thick blanket used for warmth while sleeping or riding.
Camp Cooking Kit	\$5	6 lb	Includes tin pot, pan, utensils, cup, and coffee pot—all metal and rugged.

Flint & Steel	\$0.50	1 lb	Fire-starting tool using flint, steel, and char cloth. Standard kit for outdoorsmen.
Coffee Tin (filled)	\$1	2 lb	Small tin filled with ground coffee beans. Essential comfort item for cowboys.
Tin Plate & Cup	\$0.50	1 lb	Simple tin eating set—easy to clean and durable. Often tied to packs.
Canteen	\$2	3 lb	Metal or wood-and-tin water container, typically carried on a strap.
Rope (30 ft.)	\$1	5 lb	Hemp or horsehair rope used for tying gear, securing tents, or catching livestock.
Hatchet	\$2	3 lb	A small one-handed axe, useful both as a weapon and for chopping wood. Often carried by trappers and scouts.
Sharpening Stone	\$0.25	1 lb	Flat stone used to keep knives and tools sharp.
Trail Rations (1 day)	\$0.75	2 lb	Includes jerky, hardtack, beans, and dried fruit. Packed for durability.
Sewing Kit	\$0.25	0 lb	Small pouch with needle, thread, and buttons. Used to repair clothing or gear.
Oilskin Wrap	\$2	2 lb	Waterproof wrap to protect gear or clothing from rain.
Lantern (tin, with oil)	\$3	4 lb	Small tin lantern with glass shield, filled with lamp oil. Used for lighting camp at night.

Tools

Tool Name	Cost	Weight	Description
Hammer	\$1.00	3 lb	Used for building, repairs, or blacksmithing. Also handy in a fight.
Hatchet	\$2	3 lb	A small one-handed axe, useful both as a weapon and for chopping wood. Often carried by trappers and scouts.
Saw (hand saw)	\$2.50	4 lb	Used for cutting timber or lumber. A staple in construction or homestead repair.
Shovel	\$1.50	5 lb	Steel spade with a wooden handle. Essential for digging latrines, fire pits, or graves.
Pickaxe	\$3.00	8 lb	Heavy steel tool used to break rock and ore. Essential for all types of mining.
Crowbar (Pry Bar)	\$2.00	5 lb	Metal bar used to lift or lever open crates, boards, or doors. Useful in both work and crime.
Nails (bag of 50)	\$0.50	2 lb	Basic iron nails for construction and repair. Often carried in a tool chest or apron.
Whetstone (small)	\$0.25	1 lb	Used to sharpen blades, knives, and tools. Kept in pouches or boxes.
Oil Can (for tools)	\$0.50	1 lb	Small tin of lubricating oil to keep hinges, tools, or firearms in working order.
Measuring Tape (cloth)	\$0.75	0 lb	A cloth or leather tape for

			measuring materials or land.
Tinker's Kit	\$5.00	6 lb	Portable kit with small hammers, files, pliers, and wire for simple repairs. Used by traveling fixers or resourceful settlers.
Carpenter's Square	\$1.00	2 lb	Metal right-angle tool for ensuring corners and cuts are square. Common in construction.
File (metal rasp)	\$0.75	2 lb	Used to smooth or shape metal, wood, or bone. Essential for custom work.
Auger (hand drill)	\$2.00	3 lb	Crank-handled drill for boring holes in wood. Used by carpenters or DIY builders.
Tongs (smith or fire)	\$1.50	3 lb	Iron tool used to grip hot materials or logs. Common around hearths and forges.
Lantern (empty)	\$2.00	3 lb	Metal lantern with glass sides. Requires oil to function. Useful for night work or cave exploring.
Tool Chest (wooden)	\$5.00	15 lb	Heavy wooden box for storing various tools. Often kept in wagons, barns, or workshops.
Barrel (wooden)	\$2.00	40 lb	A large, sturdy oak barrel used for storing water, grain, gunpowder, or liquor. Often sealed with metal bands.
Ladder (wooden, 10 ft)	\$3.00	30 lb	A hand-built ladder made from pine or oak. Used for

barns, lofts, or construction. Heavy but durable.

Medical Gear

Item Name	Cost	Weight	Description
Doctor's Bag (leather)	\$8.00	3 lb	Sturdy leather satchel with compartments for medical instruments and supplies. Used by trained doctors.
Surgical Kit (metal box)	\$10.00	4 lb	Includes bone saw, forceps, scalpel, clamps, sutures, and ether mask. For performing surgery in the field or clinic.
Bandages (roll, cotton)	\$0.50	1 lb	Clean cloth or gauze for dressing wounds. Sold in rolls or torn strips.
Alcohol (for sterilizing)	\$1.00	2 lb	High-proof grain alcohol used to clean wounds or tools. Also serves as field anesthetic or bribe.
Morphine (vial)	\$2.00	0 lb	Strong opiate painkiller. Used sparingly due to danger of addiction. Stored in vials with glass syringe.
Laudanum (tincture)	\$1.00	1 lb	Opium-based liquid used to relieve pain, suppress coughs, or sedate. Sold in bottles. Highly addictive.
Splint (wood + cloth)	\$1.00	2 lb	Basic brace to stabilize broken bones. Often improvised from sticks and rags in the field.
Sutures (needle & thread)	\$0.50	0 lb	For stitching open wounds. Usually included in doctor's kit or sold

			separately.
Thermometer (mercury)	\$2.00	0 lb	Glass medical thermometer for measuring fever. Fragile and rare on the frontier.
Stethoscope (early style)	\$3.00	1 lb	Wooden monaural stethoscope used to listen to heartbeat and lungs. Carried by trained physicians.
Tonic (snake oil or herbal)	\$0.50–\$2.00	1 lb	Cure-all elixirs sold by traveling salesmen. May include alcohol, opium, herbs—or nothing useful at all.
Poultice (herbal paste)	\$0.25	1 lb	Mixture of herbs and cloth applied to skin to draw out infection or reduce swelling. Common among healers.
Eye Dropper & Bottle	\$0.50	0 lb	Small glass tools used for dispensing doses of liquid medicine. Often included in doctor's kit.
Tongue Depressor (set of 5)	\$0.25	0 lb	Wooden sticks used to examine the throat. Disposable or cleaned with alcohol.
Field Dressing Kit	\$4.00	3 lb	Compact kit for soldiers or frontiersmen, includes basic bandages, salves, and scissors.
Crutches (wooden pair)	\$3.00	5 lb	Hand-made support braces for leg injuries. Usually carved or nailed together locally.
