

The Medieval Outfitter

Melee Weapons

Item	Cost (Crowns)	Weight (lb)	Description
Club	0.1	2	Simple wooden cudgel or sturdy stick used by peasants.
Quarterstaff	0.2	4	Six-foot hardwood staff, used for defense and training.
Dagger	2	1	Short double-edged blade for stabbing or utility work.
Knife	1	0.5	Everyday belt knife used for eating, carving, or self-defense.
Dirk	2	1	Long dagger favored by Scots and sailors.
Shortsword	10	2	One-handed double-edged blade, common among foot soldiers.
Arming Sword	15	3	Standard knightly sword, used with shield.
Longsword	25	3.5	Two-handed sword with cruciform hilt, balanced for reach.
Greatsword	50	6	Massive two-handed sword, used against armored foes.
Bastard Sword	35	4.5	"Hand-and-a-half" sword usable one- or two-handed.
Falchion	20	4	Curved single-edged sword, effective against unarmored foes.
Scimitar	25	3	Curved, light cavalry blade of eastern design.
Cutlass	15	3	Short, broad-bladed sword for shipboard fighting.
Broadsword	20	3.5	Heavier knightly sword with wide cutting edge.
Shortspear	1	3	Simple wooden shaft tipped with iron point.
Spear	2	6	Six- to eight-foot weapon for thrusting or throwing.
Pike	5	10	Very long infantry spear, effective in formation.
Halberd	20	6	Polearm with axe blade, spike, and hook.
Glaive	20	6	Curved single-edge blade on long pole.
Bardiche	18	8	Heavy axe-blade polearm, favored in Eastern Europe.
Billhook	4	5	Farming tool adapted for war, curved hook blade.
Voulge	15	7	Broad-bladed pole weapon, hybrid between axe and glaive.
Axe (Hand)	5	2	One-handed hatchet used for chopping or fighting.
Battleaxe	10	4	Heavier axe with broad blade, used with shield.
Greataxe	30	7	Massive two-handed axe for powerful cleaving blows.
Warhammer	15	3	Hammerhead weapon for crushing armor.
Maul	10	10	Two-handed sledgehammer adapted for battle.
Mace	10	4	Spiked or flanged head on short haft, ideal against armor.
Morningstar	15	4	Spiked ball on rigid handle, combining mace and flail traits.
Flail (One-Handed)	10	3	Chain-linked striking head, unpredictable but strong.
Flail (Two-Handed)	20	5	Larger flail with extended reach, difficult to master.
War Pick	8	3	Spike-headed weapon to puncture armor.
Cudgel	0.5	3	Heavier peasant club, often studded or reinforced.
Sickle	1	2	Curved farming blade, repurposed for close combat.
Scythe	5	10	Long harvesting tool, deadly in desperate hands.
Pitchfork	1	8	Three-tined farm implement, usable as improvised spear.
Hammer (Light)	1	2	Smith's hammer usable as tool or weapon.
Hammer (Heavy)	6	8	Massive smith's maul or sledge used for strong strikes.
Spiked Gauntlet	5	1	Reinforced glove with short spikes for close combat.
Knuckle Duster	1	0.5	Iron handgrip to enhance punches.
Cestus	2	1	Leather glove reinforced with metal plates.
Cane Sword	15	2	Concealed blade hidden within walking stick.

War Scythe	10	9	Converted agricultural scythe with blade re-angled for thrusting.
Cleaver	1	2	Butcher's knife, heavy enough for combat.
Hatchet	2	2	Small axe for chopping wood or defense.
Falx	12	5	Curved Dacian two-handed blade with inward curve.
Kopis	15	3	Greek curved blade designed for chopping slashes.
Seax	3	2	Germanic long knife used by freemen and warriors alike.
Rondel Dagger	3	1	Stout, triangular dagger designed to pierce armor joints.
Misericorde	5	0.5	Thin stabbing dagger used to deliver the coup de grâce.
Spetum	12	6	Polearm with forward-pointing prongs for trapping blades.
Trident	5	6	Three-pronged spear used by fishermen and guards.
Partisan	15	7	Broad-bladed polearm with decorative lugs.
Lucerne Hammer	20	7	Polearm with hammer, spike, and hook; anti-armor.
Bec de Corbin	20	6	"Crow's beak" polehammer designed to puncture plate.
War Flail	25	7	Knightly flail with iron chains and spiked heads.
Fauchard	20	6	Long, curved blade on a pole, originally agricultural.
Guisarme	20	7	Hooked polearm for unseating riders.
Goedendag	10	6	Flemish spiked club used by militias.
Dory	8	5	Classical spear used by hoplites; long, balanced.
Xiphos	10	2	Greek short sword for thrusting after spearwork.
Gladius	15	2.5	Roman short sword; ideal for stabbing.
Spatha	25	3	Longer Roman cavalry sword, for slashing and reach.
Kopesh	25	4	Curved Egyptian blade, half axe, half sword.
Messer	15	3	German single-edged sword, between knife and longsword.
Katzbalger	20	3	Short Renaissance sword with protective quillons.
Estoc	25	3.5	Tapered thrusting sword made for penetrating armor.
Cinquedea	10	2	Wide-bladed dagger popular in Renaissance Italy.
Rondache	8	2	Small round shield sometimes used offensively.
Boar Spear	10	6	Thick-shafted spear with crossbar to stop charges.
Guisarme-Voulge	25	7	Hybrid polearm with hook and cutting blade.
Pike Axe	12	5	Hybrid polearm combining spear point and axe blade.
Executioner's Sword	50	7	Heavy ceremonial blade without point, made for beheadings.
Two-Handed Sword	45	6	General term for long battlefield swords like claymores.
Claymore	50	6	Scottish two-handed greatsword, broad and long.
Zweihänder	60	7	Massive Germanic greatsword, often with parrying hooks.
Sabre	20	3	Curved cavalry blade, good for slashing.
Tuck	18	3	Slim, thrusting blade for armored opponents.
Spiked Club	2	4	Wooden club reinforced with metal studs.
Morning Hammer	8	5	Variant warhammer with small flanges for puncture.
Short Mace	8	3	Compact blunt weapon for close fighting.
Long Mace	12	5	Extended mace for reach and leverage.
Ball and Chain	12	6	Primitive flail with heavy iron ball.
Bo Staff	0.5	3	Balanced staff for defense and striking, used in training.
Cane	0.2	2	Walking stick, can serve as improvised weapon.
Baton	0.5	1	Light club for guards and constables.
Chisel Blade	1	1.5	Heavy chisel modified as an improvised stabbing tool.
Forge Hammer	3	6	Smith's hammer, occasionally used in melee.
Meat Hook	0.5	1	Curved iron hook on a short handle, used by butchers.
Hoe	0.5	5	Agricultural tool, effective in improvised combat.
Cane Knife	1	2	Curved blade used for harvesting sugar cane.
Club with Iron Band	1	3	Reinforced club with iron banding for durability.
Peasant's Fork	0.5	7	Wooden pitchfork variant, used by commoners.
War Club	4	5	Heavy wooden club, often carved from hardwood.

Ranged Weapons

Item	Cost (Crowns)	Weight (lb)	Description
Sling	0.1	0.2	Simple leather or wool strap for hurling stones.
Staff Sling	1	1.5	Sling mounted on a short staff for added leverage.
Throwing Knife	2	1	Balanced small blade designed for throwing.
Throwing Axe	5	2	One-handed axe balanced for flight.
Javelin	1	2	Short spear optimized for throwing.
Dart	0.05	0.25	Small weighted projectile thrown by hand.
Shortbow	25	2	Simple wooden bow with limited range.
Longbow	50	2	Tall self bow requiring strength and training.
War Bow	75	2.5	Heavy longbow for battlefield archers, great draw weight.
Composite Bow	75	2	Horn and sinew recurve bow with excellent power.
Recurve Bow	50	2	Compact curved bow used by mounted archers.
Horsebow	50	1.5	Short composite bow for horseback use.
Crossbow (Light)	25	5	Compact crossbow with short draw, easy to load.
Crossbow (Heavy)	50	18	High-tension bow for armor-piercing shots.
Repeating Crossbow	150	12	Mechanical bow that fires multiple bolts quickly.
Arbalest	200	20	Giant steel crossbow using crank or windlass.
Hand Crossbow	75	3	Small one-handed crossbow, concealable but weak.
Slingstaff	2	3	Long staff sling with greater range.
Atlatl	5	1	Spear-throwing lever increasing range and velocity.
Blowgun	10	1	Tube used to launch darts with breath.
Pellet Bow	15	2	Light hunting bow for small game.
Hunting Crossbow	35	8	Medium-sized crossbow designed for accuracy.
Siege Crossbow	250	50	Oversized mounted crossbow for fortress defense.
Repeating Sling	2	1	Rare device allowing rapid sling fire.
Dart Launcher	15	3	Spring-driven tube for darts, experimental design.
Bolas	2	2	Weighted cords designed to entangle targets.
Net	1	3	Thrown mesh used for ensnaring animals or foes.
Weighted Net	2	5	Reinforced fishing net with lead weights.
Throwing Club	0.5	2	Light wooden club designed to spin in flight.
Chakram	3	1	Circular throwing blade of Indian design.
Boomerang (Hunting)	1	1	Returning throwing stick for small game.
Plumbata	2	1	Roman lead-weighted dart for infantry.
Pilum	5	5	Roman throwing spear with flexible shank.
Franciska	6	2.5	Frankish throwing axe designed to tumble in flight.
Tomahawk	6	2	Small throwing axe, later European adaptation.
Harpoon	3	5	Barbed spear for hunting fish or whales.
Fishing Spear	1	3	Multi-pronged spear for shallow-water fishing.
Throwing Hammer	5	4	Balanced hammer for short-range throws.
Grenado	25	1	Primitive ceramic or iron bomb with black powder.
Fire Pot	15	3	Clay pot filled with flammable oil or pitch.
Pitch Jar	10	3	Simple jar of burning pitch thrown by hand.
Greek Fire Tube	150	25	Siege-era flame projector using pressurized oil.
Hand Mortar	200	12	Early handheld cannon firing shot or powder.
Handgonne	300	18	Primitive black powder firearm with touch hole.
Arquebus	400	15	Matchlock firearm, early rifle ancestor.
Matchlock Musket	500	18	Improved long gun using smoldering match cord.
Wheellock Pistol	750	4	Expensive pistol with spring-driven ignition.
Hand Cannon	250	20	Crude metal tube on staff, fires lead ball.
Crossbow Pistol	100	4	Miniature crossbow, often used by assassins.
Light Harpoon Launcher	50	10	Shipboard device for short-range harpoon shots.

Torch Thrower	5	2	Weighted burning torch, short-ranged and smoky.
Slingshot	1	0.5	Y-shaped wood with leather band, effective for small game.
Horn Bow	80	2	Reinforced horn bow, used in steppe regions.
Reflex Bow	60	2	Strong recurve bow with reflexed limbs for extra power.
Siege Bow	150	10	Massive bow used in siege defense.
Windlass	10	5	Crank used for drawing heavy crossbows.
Crank Lever	8	3	Metal winding device for arbalests.
Shield-Mounted Crossbow	150	20	Crossbow integrated into shield, slow to reload.
Wrist Bow	100	3	Compact crossbow worn on forearm, limited range.
Rope Net Launcher	20	10	Spring launcher firing a weighted net.

Ammunition & Ranged Accessories

Item	Cost (Crowns)	Weight (lb)	Description
Lead Sling Bullet (10)	1	5	Molded lead shot for sling, more damaging than stones.
Arrows (20)	1	1	Standard feathered shafts for bows.
Arrows, Broadhead (20)	2	1	Wide blades for cutting flesh, hunting or war.
Arrows, Bodkin (20)	2	1	Narrow steel points for piercing armor.
Bolts (20)	1	1.5	Short quarrels for crossbows.
Bolts, Heavy (20)	2	2	Reinforced bolts for heavy crossbows.
Javelins (Bundle of 5)	5	10	Set of light throwing spears.
Darts (10)	1	0.5	Weighted throwing darts for short range.
Stones (20)	0.1	5	Rounded sling stones, bag of twenty.
Pebbles (20)	0.05	3	Small smooth stones for slings or throwing.
Fire Arrows (10)	5	1.5	Pitch-soaked arrows used to ignite targets.
Whistling Arrows (10)	2	1	Hollowed arrows that produce a shrill whistle.
Rope Hook Arrow	5	2	Arrow with hook head for carrying rope.
Grapple Bolt	10	3	Crossbow bolt with folding hooks for grappling.
Signal Arrow	1	1	Arrow with cloth tail for signaling.
Smoke Arrow	3	1	Emits colored smoke upon impact.
Practice Arrow (20)	0.5	1	Blunted shafts for training.
Fire Pot Bolt	10	4	Bolt with burning clay pot for setting fires.
Flaming Pitch Bolt	15	4	Crossbow bolt with burning pitch head.
Oil Flask	1	1	Thrown flask igniting if lit.
Stone Shot (10)	1	10	Carved spherical stones for catapults or slings.
Lead Ball (10)	2	10	Cast lead shot for early firearms.
Buckshot (Bag)	3	5	Loose small shot for muskets or scatter weapons.
Grapeshot (Bag)	5	10	Clustered shot for cannons.
Iron Spike (Throwing)	0.5	1	Small forged spike used like a dart.
Fire Flask	5	2	Fragile jar filled with oil or pitch, ignites on impact.
Lime Pot	5	3	Thrown pot releasing blinding lime dust.
Sling Bullets (20)	1	5	Uniform round lead projectiles for slings.
Quiver	1	2	Leather or wooden case for 20 arrows.
Bolt Case	1	2	Short quiver for 20 crossbow bolts.
Dart Tube	2	1	Leather tube for carrying blowgun darts.
Powder Horn	5	2	Animal horn used to carry gunpowder.
Matchcord (10 ft)	1	0.5	Slow-burning cord for matchlock ignition.
Bandolier	3	1	Strap with powder and ball containers.
Gun Rest	2	3	Forked staff used to steady early firearms.

Armour

Item	Cost (Crowns)	Weight (lb)	Description
Cloth Padding	1	5	Simple linen padding for warmth and light protection.
Padded Jacket	5	8	Quilted linen jacket worn beneath armor.
Gambeson	10	10	Thick padded defense of layered linen or wool.
Reinforced Gambeson	15	12	Gambeson with stitched leather or small metal plates.
Aketon	12	9	Short padded jacket worn under mail.
Leather Armor	10	10	Hardened leather cuirass for light protection.
Studded Leather	45	13	Leather armor reinforced with metal studs or rivets.
Boiled Leather (Cuir Bouilli)	25	12	Stiffened leather armor shaped and hardened by heat.
Brigandine	80	22	Cloth coat lined with small overlapping steel plates.
Lamellar Armor	100	25	Interlaced plates of metal or horn, common in the East.
Scale Armor	100	45	Metal scales sewn to leather backing.
Mail Shirt	75	20	Short chainmail shirt covering torso and arms.
Hauberk	150	40	Full mail shirt extending to knees and wrists.
Mail Coif	25	5	Chainmail hood protecting neck and head.
Mail Leggings	75	15	Chain leggings strapped to belt or arming points.
Splint Armor	150	35	Vertical metal strips riveted to leather backing.
Banded Mail	200	45	Reinforced mail with horizontal iron bands.
Chainmail	200	55	Full chain suit, standard knightly armor.
Half Plate	600	55	Steel cuirass with mail and plate protection.
Plate Armor	1,500	65	Full steel plate harness for knights.
Tournament Plate	2,000	70	Extra-heavy suit for jousts and ceremonial combat.
Field Plate	1,200	60	Practical battlefield plate armor, balanced for movement.
Gothic Plate	1,800	65	Late-medieval full plate with fluted edges.
Maximilian Plate	2,000	70	Ornate fluted plate armor, high Renaissance.
Cuirass	400	35	Breastplate and backplate combination.
Breastplate	350	30	Single chest plate offering excellent protection.
Backplate	250	25	Steel back protection, usually paired with breastplate.
Coat of Plates	150	30	Early transitional armor of riveted plates under fabric.
Jack of Plates	100	25	Commoner's brigandine of overlapping small plates.
Chain Shirt	50	20	Lighter mail version for mobility.
Spaulders	50	8	Plate shoulder guards attached to cuirass.
Pauldrons	75	10	Large shoulder plates covering upper arms.
Rerebrace	50	6	Plate armor for upper arm.
Vambrace	50	5	Forearm plate armor.
Gauntlets	25	4	Metal gloves protecting hands.
Fingered Gauntlets	40	5	Articulated gloves allowing dexterity.
Mitten Gauntlets	30	4.5	Solid mitten-style plate gloves.
Sabatons	30	6	Metal foot armor protecting toes and instep.
Greaves	50	8	Plate armor for shins and calves.
Cuisses	60	10	Armor plates for thighs.
Tassets	40	6	Overlapping plates protecting upper legs.
Gorget	35	4	Metal collar protecting throat and neck.
Bevor	40	4	Chin and lower-face plate.
Fauld	50	8	Flexible skirt of horizontal lames at waist.
Plackart	45	8	Lower breastplate attached to cuirass.
Codpiece	10	2	Protective groin plate, decorative in late armor.
Arm Harness	100	12	Combined upper and lower arm armor.
Leg Harness	150	20	Combined thigh and shin armor with joints.
Full Harness	2,000	70	Entire articulated plate suit including helmet.

Chain Hood	20	5	Simple coif of interlinked rings.
Chain Mittens	15	3	Mail gloves protecting hands.
Chain Skirt	30	10	Mail skirt for waist protection.
Brigand Cap	10	2	Leather skullcap reinforced with rivets.
Leather Bracers	5	1	Forearm protection made of hardened leather.
Leather Greaves	10	2	Calf guards of boiled leather.
Leather Pauldrons	15	3	Shoulder guards made of layered leather.
Padded Hood	5	2	Quilted hood worn under helmets.
Arming Cap	3	1	Linen cap worn under helmet.
Mail Collar	10	2	Chainmail band protecting throat.
Leather Collar	5	1	Soft leather neck protection.
Padded Breeches	10	4	Quilted trousers for warmth or under-armor use.
Surcoat	5	2	Cloth tabard worn over armor to display heraldry.
Tabard	8	3	Sleeveless garment for heraldic display.
Heraldic Cloak	15	3	Decorative cloak displaying knightly insignia.
Plated Cloak	30	8	Heavy cloak with small metal plates sewn in for defense.
Siege Mantlet	50	25	Portable wooden shield used during sieges.
Armor Stand	20	30	Wooden rack for storing armor pieces.

Helmets

Item	Cost (Crowns)	Weight (lb)	Description
Cap, Linen	0.2	0.2	Simple cloth cap worn under helmets to prevent chafing.
Cap, Wool	0.5	0.3	Warm wool cap for common laborers and archers.
Cap, Leather	1	0.5	Light leather cap offering minimal protection.
Cap, Iron-Reinforced	5	2	Leather cap with thin iron bands.
Arming Cap	3	1	Padded cloth cap worn under helms for comfort.
Padded Hood	5	2	Quilted hood protecting head and neck.
Coif, Mail	25	5	Chainmail hood covering head and neck.
Coif, Padded	8	3	Layered cloth coif for padding under armor.
Helm, Open	25	4	Simple open-faced steel helmet for general use.
Helm, Nasal	50	6	Conical helmet with nose guard, early medieval style.
Helm, Great	100	8	Fully enclosed knight's helm, limited vision.
Helm, Bascinet	125	7	Rounded helmet with pointed visor.
Helm, Sallet	150	6	Late-medieval smooth helmet with back tail.
Helm, Barbute	125	7	Italian open-faced helm inspired by ancient Greece.
Helm, Armet	200	8	Full Renaissance helm with hinged visor and locking cheekplates.
Helm, Burgonet	150	7	Open-faced helmet with comb crest and cheek guards.
Helm, Kettle	60	5	Wide-brimmed "chapel-de-fer" infantry helmet.
Helm, Morion	75	5	Crested open helmet, iconic for pikemen.
Helm, Cabasset	60	5	Rounded open helmet with low brim.
Helm, Spangen	80	6	Early segmented design made from riveted metal bands.
Helm, Norman	90	6	Conical helm with nasal guard, used by Norman knights.
Helm, Visored	150	7	Helmet with hinged visor for facial protection.
Helm, Winged	250	8	Ornate helm with decorative wings or crests.
Helm, Templar	200	8	Cylindrical great helm worn by crusaders.
Helm, Gothic	300	8	Fluted late-medieval helmet with fine craftsmanship.
Helm, Maximilian	400	9	High Renaissance full helm with sculpted ridges.
Helm, Tournament	500	10	Heavy reinforced helm for jousting and sport combat.
Helm, Ceremonial	1K	8	Ornate gilded helm for processions or nobility.
Aventail	30	3	Mail curtain attached to helmet for neck protection.

Bevor	40	4	Lower face and chin guard.
Gorget	35	4	Metal collar protecting neck and throat.
Chain Collar	25	3	Mail ring protection around neck.
Leather Collar	10	2	Soft leather neck and shoulder protection.
Plackart	45	8	Lower breastplate protecting abdomen.
Fauld	50	8	Flexible waist defense made of horizontal lames.
Visor (Replacement)	20	2	Hinged plate for face protection.
Eye Slit Grill	15	1	Bolt-on grill visor for extra defense.
Cheek Guards	10	1	Leather or metal plates protecting cheeks.
Nose Guard	5	0.5	Metal strip attached to helmet front.
Chin Strap	1	0.2	Leather strap securing helmet.
Helmet Crest	10	1	Decorative plume or ridge for heraldic display.
Feathers (Plume)	2	0.2	Ornamental feathers for knightly helms.
Decorative Tassels	3	0.5	Silk or cord ornaments for ceremonial helmets.
Chain Mantle	20	4	Mail collar draping over shoulders.
Mantle, Leather	15	3	Leather neck and shoulder wrap.
Mantle, Wool	10	3	Woolen garment protecting from wind and cold.
Gorget, Leather	15	2	Light neck defense of boiled leather.
Gorget, Mail	25	3	Chainmail gorget covering collarbone and neck.
Gorget, Steel	50	5	Plate gorget locking with cuirass.
Neck Guard, Plate	30	3	Steel rear neck protection.
Coif, Linen	1	0.5	Basic cloth headwrap under armor.
Cap, Chain-Trimmed	10	2	Light leather cap with decorative mail edging.
Hood, Armored	15	4	Reinforced hood sewn with small plates.
Hood, Wool	2	2	Warm cowl for travelers or soldiers.
Hood, Leather	5	3	Light leather hood for outdoorsmen or scouts.
Helmet Liner	2	1	Fabric insert for comfort under steel helms.
Helmet Padding Kit	4	2	Replacement padding and straps.
Ear Guards	2	0.5	Padded leather ear covers for comfort.
Chin Guard	5	1	Steel or leather plate covering lower jaw.
Jaw Strap	1	0.3	Replacement strap for securing helmets.
Eye Visor, Barred	25	3	Steel grill for vision and protection.
Face Mask, Steel	50	4	Full steel faceplate for intimidation and safety.
Face Mask, Leather	15	2	Boiled leather mask for light protection.
Mask, Decorative	25	2	Ornate ceremonial mask for parades or tournaments.
Helmet Locking Mechanism	3	1	Metal catch or hinge securing visor in place.
Helmet Rivet Set	1	0.5	Small packet of rivets for field repairs.
Helmet Carry Bag	1	1	Cloth sack for transporting helmet safely.
Helmet Stand	5	3	Wooden or iron stand for display or storage.
Cap, Fur	3	1	Thick fur-lined winter cap.
Helmet, Fur-Lined	30	6	Steel helm lined with fur for warmth.
Helmet, Reinforced	60	7	Standard helm with thicker plate and crossbands.
Helmet, Peasant	5	4	Crude iron cap made by local smiths.
Helmet, Militia	10	5	Standard issue open-face infantry helmet.
Helmet, Sergeant's	25	6	Decorated iron helmet indicating rank.
Helmet, Knight's	100	8	Quality plate helm with personalized crest.
Helmet, Royal	500	10	Gemmed and gilded helm for nobility.
Helmet, Field	50	6	Practical open helm for visibility and ventilation.
Helmet, Siege	75	8	Reinforced design with narrow vision slits.
Helmet, Archer's	40	5	Open-faced helm with padded interior.
Helmet, Infantry	30	6	Standard steel helm issued to foot soldiers.
Helmet, Cavalry	60	7	Helm with neck guard and nasal plate.
Helmet, Guard's	20	5	Simple steel helm for watch duty.
Helmet, Chain Veiled	75	8	Helm with hanging chain curtain over face.
Helmet, Fluted	120	7	Decorative grooves improving rigidity.
Helmet, Parade	300	8	Gilded ceremonial helm with jewels and engraving.
Helmet, Reinforced Nasal	90	7	Upgraded nasal helm with extra brow plating.

Helmet, Riveted	45	6	Multi-plate helm joined by rivets.
Helmet, Composite	80	7	Hybrid of mail and plate construction.
Helmet, Double-Walled	200	9	Two-layered steel helm offering superior protection.
Helmet, Observation	25	4	Lightweight helm for patrols, open face for visibility.
Helmet, Siege Observation	40	6	Closed helm with narrow slits for safety during siege.
Helmet, Officer's	150	7	Engraved and crested helm indicating leadership.
Helmet, Blackened	60	7	Matte black finish for reduced glare.

Shields & Defenses

Item	Cost (Crowns)	Weight (lb)	Description
Buckler	5	2	Small round steel shield used in duels and quick defense.
Round Shield	10	6	Wooden circular shield reinforced with metal rim.
Heater Shield	25	7	Classic knightly shield with pointed base.
Kite Shield	20	8	Long teardrop shield favored by mounted knights.
Tower Shield	40	20	Large rectangular shield covering nearly the whole body.
Pavise	50	25	Standing shield used by crossbowmen for cover.
Infantry Shield	15	10	Sturdy round shield issued to foot soldiers.
Cavalry Shield	20	9	Curved shield optimized for mounted combat.
Reinforced Shield	35	12	Heavy shield with metal boss and rim for durability.
Iron Shield	60	15	All-metal defensive shield, heavy but indestructible.
Bronze Shield	75	14	Polished bronze shield used ceremonially or for show.
Decorated Shield	30	8	Painted and crested shield for noble display.
Heraldic Shield	40	9	Emblazoned with a family coat of arms.
Siege Mantlet	50	25	Portable wooden barricade with wheels.
Pavise Stand	10	5	Frame to hold a pavise upright during reloading.
Targe	15	5	Small round Scottish shield covered in leather and studs.
Scutum	20	16	Roman-style curved rectangular shield.
Hoplôn	25	15	Greek bronze-faced shield used by phalanxes.
Wooden Shield	8	7	Simple plank shield with iron boss.
Plank Shield	5	10	Crude construction from nailed wood boards.
Oval Shield	12	8	Rounded-rectangular shield, common in early medieval infantry.
Teardrop Shield	18	7	Transitional design between kite and heater shields.
Shield, Fluted	30	9	Decorative ridged design improving strength.
Shield, Gilded	100	10	Gold-plated ceremonial shield for parade use.
Shield, Spiked	40	12	Reinforced with central steel spike for offense.
Shield, Studded	20	9	Covered in iron studs for durability.
Shield, Leather	10	6	Thick leather stretched over wood frame.
Shield, Wicker	3	5	Lightweight woven shield for archers.
Shield, Iron Rimmed	25	8	Wooden shield with iron edge reinforcement.
Shield Boss	5	2	Domed center plate to deflect blows.
Shield Strap	1	0.5	Leather strap for carrying a shield.
Shield Sling	2	1	Adjustable carrying sling for back transport.
Arm Strap Set	1	0.5	Replacement straps for shield handles.
Hand Grip Assembly	2	1	Wooden grip and rivets for shield repair.
Shield Paint Kit	3	2	Pigments and brush for heraldic painting.
Shield Cover	2	1	Cloth cover to conceal or protect shield face.
Shield Spike	4	1	Bolt-on spike for offensive use.
Shield Edge Reinforcement	3	2	Metal banding added to shield rim.
Shield Rivet Pack	1	0.5	Replacement rivets for repairs.

Siege Screen	25	20	Portable barrier used to block arrows and bolts.
Arrow Catcher Net	10	10	Netting stretched between poles to absorb missile fire.
Wooden Mantlet	20	25	Heavy rolling wooden barricade.
Portable Barricade	15	20	Folding wooden shield for improvised defense.
Canvas Mantlet	8	10	Light curtain of layered canvas for arrow cover.
Rope Mantlet	10	12	Shield made of hanging ropes to slow missiles.
Wagon Shield	30	40	Large defensive screen mounted to wagon sides.
Siege Curtain	40	30	Reinforced hanging wall of canvas and rope.
Ladder Shield	25	30	Shield with ladder cutouts for climbing defense.
Fireproof Shield	80	12	Metal shield coated with clay or lime for resisting fire.
Tower Pavise	60	30	Oversized pavise for fortress defense.
Duel Buckler	10	2	Lightweight buckler for fencing or personal combat.
Officer's Shield	50	9	Decorated shield indicating command rank.
Guard's Shield	25	8	Standard-issue city watch shield.
